AROMA

RESTAURANT MENU

ORIGIN

An “aroma” is a distinctive and pleasant scent, reminiscent of good food and good cheer. We subliminally associate our best memories with sensations of sight, touch, hearing, taste, and smell. At our establishment, we foster new and lasting impressions, and also help to recreate memories of past times, of flavours both familiar and exotic, and of meals shared with your nearest and dearest. We present an assortment of delightful dishes, and ultimately present a most unique experience, bringing faraway cuisines home to an Indian palate.

The spiralling logo offers our best impression of the rich and redolent aromas of our fare: a complex motif that agrees with the distinct flavours of the food. Similar to a rapidly expanding spiral of consciousness, the flavours in our food unfold with each bite. The terracotta theme of the menu suggests an Indian setting, as we essentially celebrate the melting pots that are India and the state of Assam.
